Grand Total *$*	

Calculating Shipping and handling Charges

All shipping and handling of items from Steed Publications/SteedShop.com are calculated on a per item basis taking into account wieght, size, and complexity of necessary packaging. Shipping is done via USPS standard service to all addresses within the Continental US and air mail service for Canada and all other foreign countries. Additional postage is required for out of Continental US shipping. All mail in order forms must have accurate shipping charges included or the order form will not be processed.

Our shipping and handling costs are calclulated automatically online by our online store "Shopping Cart" system. To figure shipping costs proceed as follows:

1. Use the shopping cart function on SteedShop.com website and proceed as if you are ordering online. Add all items you plan to purchase into the Shopping Cart using the "Buy Now" buttons.

2. Proceed to "Checkout" which will automatically calculate all shipping and handling costs. You do not have to proceed beyond this point with the online purchase, just close the shopping cart window once you have written down the shipping costs on this form.

Pay with Credit Card:

Account # _____

Exp Date: _____ 3-Digit CCV (Back of Card) _____

☐ MC ☐ VISA ☐ AMEX ☐ Discover

Signature: _____

Date: _____ *(Minimum credit card order charge $5.00)*

Enclose check and money order in US Funds to:

MUSTANGS ACROSS AMERICA INC
